Gene Walker - Manager
Brookshire's
200 West Old Highway 80, White Oak, TX 75693

Dear, Mr.Walker

As I was browsing the internet, I found your ad for a job opening at the Brookshire's right down the road from my house. I have been looking for a job recently that would not only be a great opportunity, but that would make me a better person at what I do and how I act. Your store would be the perfect place for me, because I am respectful and a great peoples person. I will also do whatever it takes to not only make the customers happy, but to also make the other employees happy.

I have been wanting to work at a major grocery store for while now, and every job I have had I was told that I did a great job. The jobs ranged from mowing lawns to working at windridge where I had a great time learning and working with not only people but also horses. I believe that I would be great for the job, because I am a great listener and would love the opportunity to work at the famous Brookshire's.

I would very much like to speak to you about this position and to show you that I would be a great employee. My cell phone number is 903-812-2470 and the best time to reach me is sometime after 3:30 on weekdays.

Thanks in advance, for your consideration, Mr.walker

Sincerely,

Matthew Woodard
